

■ SAFETY INFORMATION

Follow all safety guidelines. Read all instructions before using.

- These air filters are only meant to be used with the Hathaspace HSP001.
- After unwrapping, discard plastic and keep away from children.
- Damaged replacement filters may not properly purify the air.
- Contact our team immediately if you have received a damaged replacement filter set.

■ MAINTENANCE GUIDELINES

Replace your air filters every 4 months for optimal performance. Do not clean the filters with water or any liquids.

■ PURCHASING ADDITIONAL REPLACEMENT FILTERS

To ensure the warranty for your air purifier remains active and to avoid shortening the life of your air purifier, use only certified Hathaspace filters. To purchase more replacement filters, scan the QR code to the right with your smart phone camera.

For more information on filters, you can visit our official website www.hathaspace.com.

 HATHASPACE

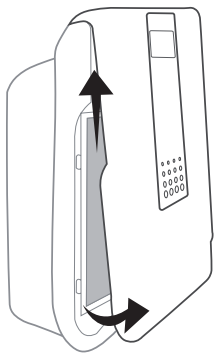

PURE AIR, ALWAYS.

HEPA 1-Filter Pack
for HSP001

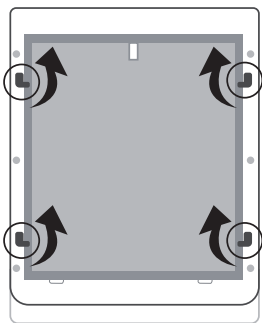

H13
FILTER

■ HOW TO INSTALL

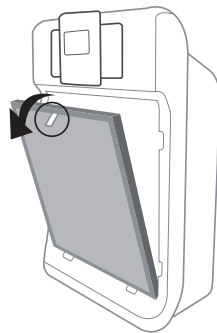

1. Unplug the air purifier and remove the front plate.

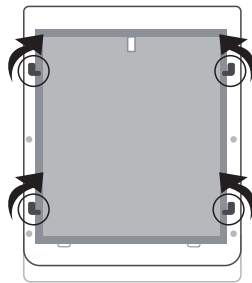

2. Turn the lock buckles vertically and remove the old filter set.

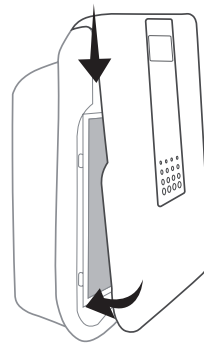

3. Unwrap the new replacement filters and place Filter 2 (Pre-Filter + HEPA) followed by Filter 1 (Cold Catalyst + Activated Carbon) into the housing. Ensure the white tabs face you.

4. Lock the filters in place by turning the buckles horizontally.

5. Replace the front plate.

6. Plug in the air purifier and turn on.
